Amendment No. 1 to Registration Statement on Form F-1

General

1. At the current trading price it appears that the public warrants and 5,166,667 private placement warrants are out of the money. Please disclose in your risk factors and MD&A sections that warrant holders will not exercise their warrants and disclose that cash proceeds associated with the exercises of the warrants are dependent on the stock price.

As applicable, describe the impact on your liquidity and update the discussion on the ability of your company to fund your operations on a prospective basis with your current cash on hand.

discussion of capital resources to address any changes in the company liquidity position

since the business combination. Discuss what effect your separate

offering of shares

underlying warrants may have on this offering through B. Riley Principal Capital II, LLC.
